The world of plants
 is a vast and varied one, and
 it is one of the most interesting
 subjects to study. The study of
 plants is not only a science, but
 also an art. The study of plants
 is a science because it involves
 the study of the laws of nature
 and the study of the properties
 of plants. It is an art because
 it involves the study of the
 beauty of plants and the study
 of the uses of plants. The study
 of plants is a science and an art
 because it involves the study of
 the laws of nature and the study
 of the properties of plants. It
 is a science because it involves
 the study of the laws of nature
 and the study of the properties
 of plants. It is an art because
 it involves the study of the
 beauty of plants and the study
 of the uses of plants.

Answer: $4+4+1 \mid 4+4+2 \mid 2+2+2 = 25$
 Konj. in base 10 = 1
